

## SCV100 LEAD

Modern, stylish and a joy to ride, the fun-filled Lead offers a quick and attractive ticket to the good times at a price that anyone can afford. This space-age scooter's distinctively sculpted form really catches the eye with its large, shapely headlight and dramatically angled indicators. Its clean and quiet air-cooled 4-stroke engine provides strong, dependable performance and excellent fuel economy to keep you riding longer on a load of fuel, with no oil to add or smelly fumes to dirty the air. The Lead's spacious proportions offer a comfortable ride for one or two, and its handy carrying rack and locking underseat compartment let you carry quite a bit more with you on your trips through town. A perfect choice for students and commuters looking for a lively alternative to perk up their travelling chores, the attractive Lead keeps the accent on fun while taking care of business.

# NSS250

Australia's diverse scooter market has enjoyed a dazzling array of new models over the last few years, with ever-more attractive new arrivals designed to appeal to a broader spectrum of riding styles, tastes and needs. From simple and economical basic modes of transportation to high-tech sports scooters and larger, more luxurious commuting machines that compete with motorcycles in utility and performance, scooters have gained wide acceptance as viable alternatives to the glut of cars that now clog Australia's crowded urban centres. Of special interest over the last few years is the fact that scooters have not only won a following among young people, they have also attracted significant attention among more affluent working people who have been gratified to discover the exceptional range of comfort and styles available at the higher end of the price and displacement scale, not to mention the superb convenience and ease of use that the 250cc class of scooters have to offer.
